1. On 14 November 1947, the Lower Austrian Chamber of Commerce, acting for the Provincial Government of Lower Austria, requested the Fuel Group of the Economic Division, Soviet Element, to release 1300 metric tons of fuel oil.

2. The representative of the Chamber of Commerce informed Koretko of the Economic Division that oil was needed by thirty-two Austrian industrial plants in Lower Austria which had received no allocation at all so far.

3. Koretko replied that he was not in a position to release the entire quantity. In the presence of the Austrian representative, he proceeded to write a note to Ossipov asking the latter to grant 50 to 60 percent of the oil requested and to balance the books by subtracting an equal amount from the supplies allocated, but not yet delivered, to the western zones of Austria.
